Our Story Dates back to 1966 When our Fathers were artisan And poets.

Our story

Dates back to 1966, when our fathers were artisan and poets. They used to create unique and exquisite artifacts from wood inspired by stories, myths, and goddesses.

It is important to mention that they have experienced numerous ups and downs in this way, but due to their magical love to this career, they overcame all difficulties with perseverance despite all hurdles; and as a result, their children inherited this valuable and noble heritage.

Currently, Mavara is a classic style furniture design studio with over 56 years of experience.

Our criteria to reach an ideal result in designing are strict! Therefore, the focus on details and subtleties, along with the commitment to originality and efficiency, "to make everything right, look beautiful and speed up the production process" are of great importance.

Designing techniques, a young and experienced team, stable interaction and communication, and the use of modern technology are our tools by which we find the best solution to respond to the current and future needs of the furniture industry, especially manufacturers with big thoughts and unlimited willpower.

Currently,
Mavara
is a classic style

داستان ما از سال ۱۳۴۵ شمسی شروع می‌شود.

زمانی که پدران ما شاعرانی صنعت‌گر بودند؛

و با الهام از داستان‌ها، اسطوره‌ها و الهه‌گان، مصنوعات بدیع و نفیس از جنس چوب خلق کرده‌اند. آن‌ها با قدرت جادویی عشق، فراز و فرودها و پیچ‌وخم‌های فراوانی را تجربه و زندگی کرده‌اند، و با کار بی‌وقفه، کمبودها و دشواری‌ها را شکست داده‌اند تا امروز این میراث ارزشمند به دست فرزندانشان برسد.

و حالا «ماورا» یک استودیوی دیزاین

به سبک کلاسیک در طراحی مبلمان است

که پیشینه‌ای ۵۶ ساله دارد.

معیارهای ما برای رسیدن به یک نتیجه‌ی ایده‌آل در دیزاین، سختگیرانه هستند! به همین دلیل تمرکز بر جزئیات و ظرایف، توأم با تعهد به اصالت و کارایی «برای اینکه همه چیز درست باشد، زیبا به نظر بیاید و روند تولید را تسریع کند» برای ما از اهمیت بالایی برخوردارند.

قواعد دیزاین، تیم جوان و کاربلد، تعامل و ارتباط نزدیک و پایدار، در کنار استفاده از تکنولوژی‌های روز، ابزارهای ما هستند که بوسیله آن‌ها در جستجوی بهترین راه‌حل برای پاسخ به نیازهای اکنون و آینده صنعت تولید مبلمان، بویژه تولیدکنندگانی هستیم که افکار و اراده‌های بزرگ دارند، با هروسطی.
